The need for back up water supplies is becoming common place for those building rural. Devan has put together a simple package to take the stress out. This basic package is the most common but the over all decision is made by your local fire officer. Your local fire officer is available through you local council and your exact requirements should be checked here.

To talk to one of the team at Devan phone 0800 338 268 or email sales@devan.co.nz.
