

Gantry Bins

ALERT Range of Gantry Bins

The Alert Gantry Bins are designed and manufactured to suit most Gantry Type Rear Loaders. There are 3 Main Capacities of the Bins based on nominal volumes. However Alert also design and manufacture these to suit specific applications or loader variations. Standard Features and options include:

- 4mm Floor & 3mm Side Plates
- Strong Channel Bin Surrounds (top)
- "Stackable" through use of feet
- Optional Rear (Side Opening) Doors (600 & 900 only)
- Optional Tarpaulin Hooks
- Optional Tarpaulin Cover(s) to suit

- ✓ FIRST IN QUALITY
- ✓ HIGH PRODUCTIVITY
- ✓ SMOOTH OPERATION
- ✓ FULL SERVICE SUPPORT
- ✓ TOMORROWS DESIGN

Alert Engineering Co Ltd have over 30 years experience in the design, manufacture and servicing of Transport Solutions. We manufacture a large range of Ferrous and Non-Ferrous Balers, Shears, Compactors, Scrap Metal Industry Related Equipment, etc.

With In-house State of the Art Design, Development and Manufacture our expertise is second to none, and quality is controlled in an ISO9002 environment.
