## **Hydradermie** – *with customised serums*

Hydradermie is an exclusive Guinot treatment that will make your skin youthful and radiant, from the very first treatment. This unique innovation enables fast and deep penetration of ionised ingredients, resulting in exceptional effectiveness. Your face will appear rested & luminous

## **Hydradermie Lift** - *The Immediate non surgical lift treatment*

Hydradermie Lift brings revolutionary youthfulness and renewed tone by stimulating the facial muscles while a massage provides a lift to the facial features. Similar to how the body muscles are 'sculpted' at a gym, this treatment adds a 'lift effect' to your face after just a few sessions. In addition to treating and toning the skin, Hydradermie Lift smoothes facial features deep down through muscular exercise. As muscles are toned, they take on new vitality and the skin becomes amazingly smoother. From the very first session, your face will look younger.

## **Age Summum** - *Immediately Treats Signs Of Ageing*

The Age Summum Treatment is the alternative to cosmetic surgery for treating immediately signs of ageing: wrinkles and fines lines, loss of firmness and lack of radiance. In less than 1 hour of treatment, the face appears several years younger with the skin's surface looking more youthful, wrinkles and fine lines are filled in and immediately smoothed away, the skin's texture is refined and the skin recovers a youthful radiant glow.

## **Beauté Neuve** - *Double Peeling Facial*

The 'peeling' treatment removes dull skin cells, letting the glow of new cells shine through. One treatment will restore a radiant complexion, while a course of three will reduce pigmentation marks on the skin, eliminating excess dead cells and allowing the skin to breathe again. Cellular renewal is accelerated, revealing a more youthful and radiant complexion.
